Innovating the Audio/Video Experience

LCD/Plasma wall support
EFW 6345

Flexibility and freedom of movement are the key benefits of the EFW 6345, as you can tilt and turn your screen any way you want for an optimal viewing experience. Don't worry about damaging your screen or wall, either as the EFW 6345 features Vogel's unique Screen Protection System (SPS™) to protect both screen and wall.

Note : Some retailers still sell this particular model wall support in the 2007 packaging. The 2007 packaging indicates a smaller maximum screen size compatibility and/or a lower maximum screen weight compared to the specifications on this website. Do not worry, the supports in this older packaging are also suitable for the higher maximum screen sizes and weights as indicated on this website.

Features

- Pre-assembled - install in just 3 easy steps
- Tilt, turn and reach functions guarantee optimal viewing position
- Unique Screen Protection System (SPS™) which protects both screen and wall
- Universal - complies with VESA MIS-F, 700, 450
