Archi

WHAT AN ARCHI-TECTURE
In an audiovisual furniture industry where everything has become standardized, ERARD adds its own special touch of wildness. Really stylish with its minimalistic look, Archi goes for vivid colors, black, red, white or green, in both manual and motorized TWIST® swivel configuration, or simply floating stands, with or without doors. A good opportunity to freshen up your home decoration!

Archi, a brand NEW TV stands range based on consumer needs

On the basis of consumer studies, ERARD has identified new expectations for flat screen stands:products that are practical, stylish and that blend perfectly into the home and interior designs.

MODULARITY
4 product architectures

Floating

2-Shelves TV Column Stand with lateral enclosures

Floating with lateral enclosures

3-Shelves TV Column Stand with lateral enclosures

I don't want to spend my entire Sunday assembling it

Quick assembly
Simple 30 minute assembling process in its most basic configuration

I want a reassuring, more stable stand

Reliability
Perfect stability and reliability thanks to the width of its legs

I want a more mobile stand with wheels, easy to move around

Mobility assistance system
Easy to move around thanks to its hidden multi-axis wheels

Practicality
Plenty of space to house 4 components / devices or more

Solidity
Steel for the back structure.
Max weight : 80 kg for the upper shelf and 50 kg on versions with column

Clever
All Archi furniture is designed to be compatible with ERARD accessories to enhance flat screens (pages 33-35).

DECORATION
To match current decoration trends, it is available with lateral enclosures and doors in black, red, white and green and also in wood finish.
